

# ELECTRONIC WASTE RECYCLING

**Alfaraee**  
The Green Collar of Environment

# The Company

---

## Our specialization

Alfaraee s.r.l was born as a company specialized in the treatment of WEEE, (waste from electrical and electronic equipment), in de-assembling, sorting and enhancement of it.

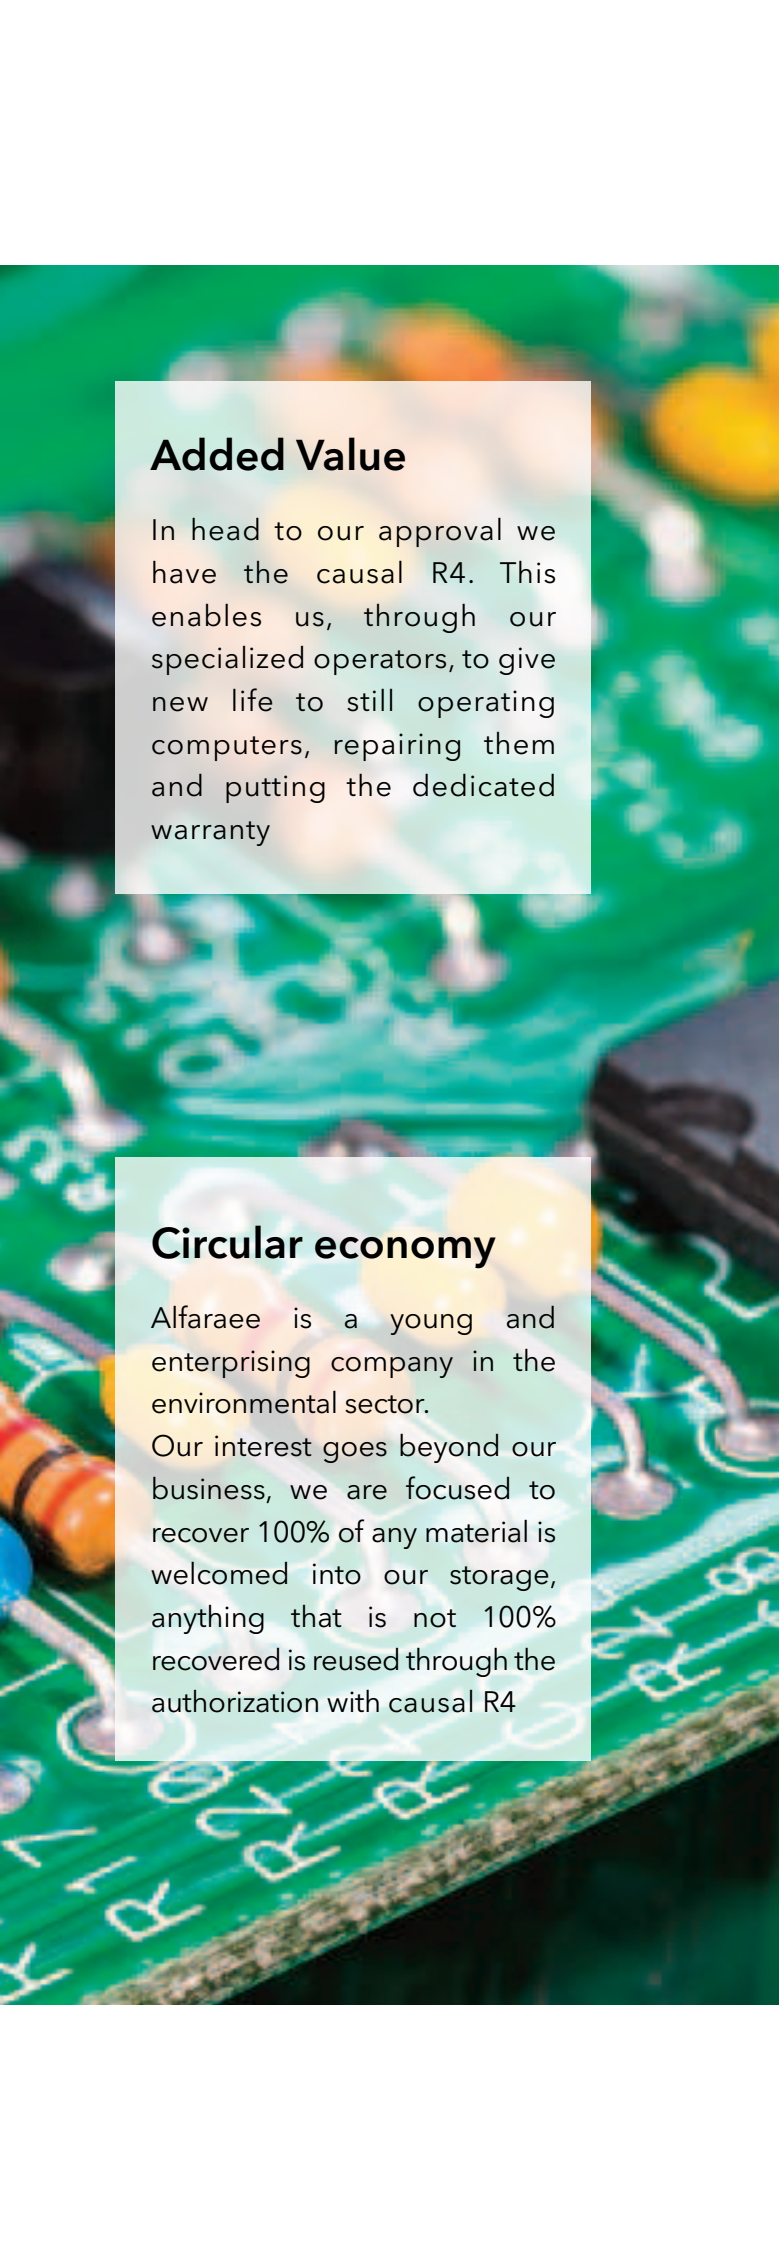

We stand out for the great attention we pay in the enhancement of the latter and make flexibility our strength, we also implement empirical tests of any type of equipment to guarantee our customers the best service. (Mass balances and analysis).

---

## Added Value

In head to our approval we have the causal R4. This enables us, through our specialized operators, to give new life to still operating computers, repairing them and putting the dedicated warranty

## Circular economy

Alfaraee is a young and enterprising company in the environmental sector.

Our interest goes beyond our business, we are focused to recover 100% of any material is welcomed into our storage, anything that is not 100% recovered is reused through the authorization with causal R4

## HOW WE OPERATE

# 1

### WITHDRAWAL

---

Alfaraee srl is specialized in the micro collection, through its own authorized means, of WEEE in the Emilia Romagna region and, using authorized third party transporters, in industrial collection throughout Italy.

# 2

### TREATMENT

---

Our specialization is the manual processing of every type of equipment. The care taken in separating the different types of materials makes each type of manual processing effective, taking advantage of a small independent laboratory in which we regularly carry out empirical TESTS.

# 3

### STORAGE

---

In our office we have a storage area regularly authorized to receive both waste and products to be treated or already reconditioned.

# Our Services

---

## De-assembling

Our specialization is the manual processing of every type of equipment.

## Materials

The care taken in separating the different types of materials makes each type of manual processing effective, taking advantage of a small independent laboratory in which we regularly carry out empirical TESTS.

## Data management

Alfaraee Srl follows with particular attention the norm and applied to each device containing sensitive data mechanical destruction of these also if required we have the ability to authenticate prior official documentation such operation.

## Solar panels

Collection of solar panels. Management from A to Z from De-Assembling on site to collection and subsequent documentation

## Sensitive data

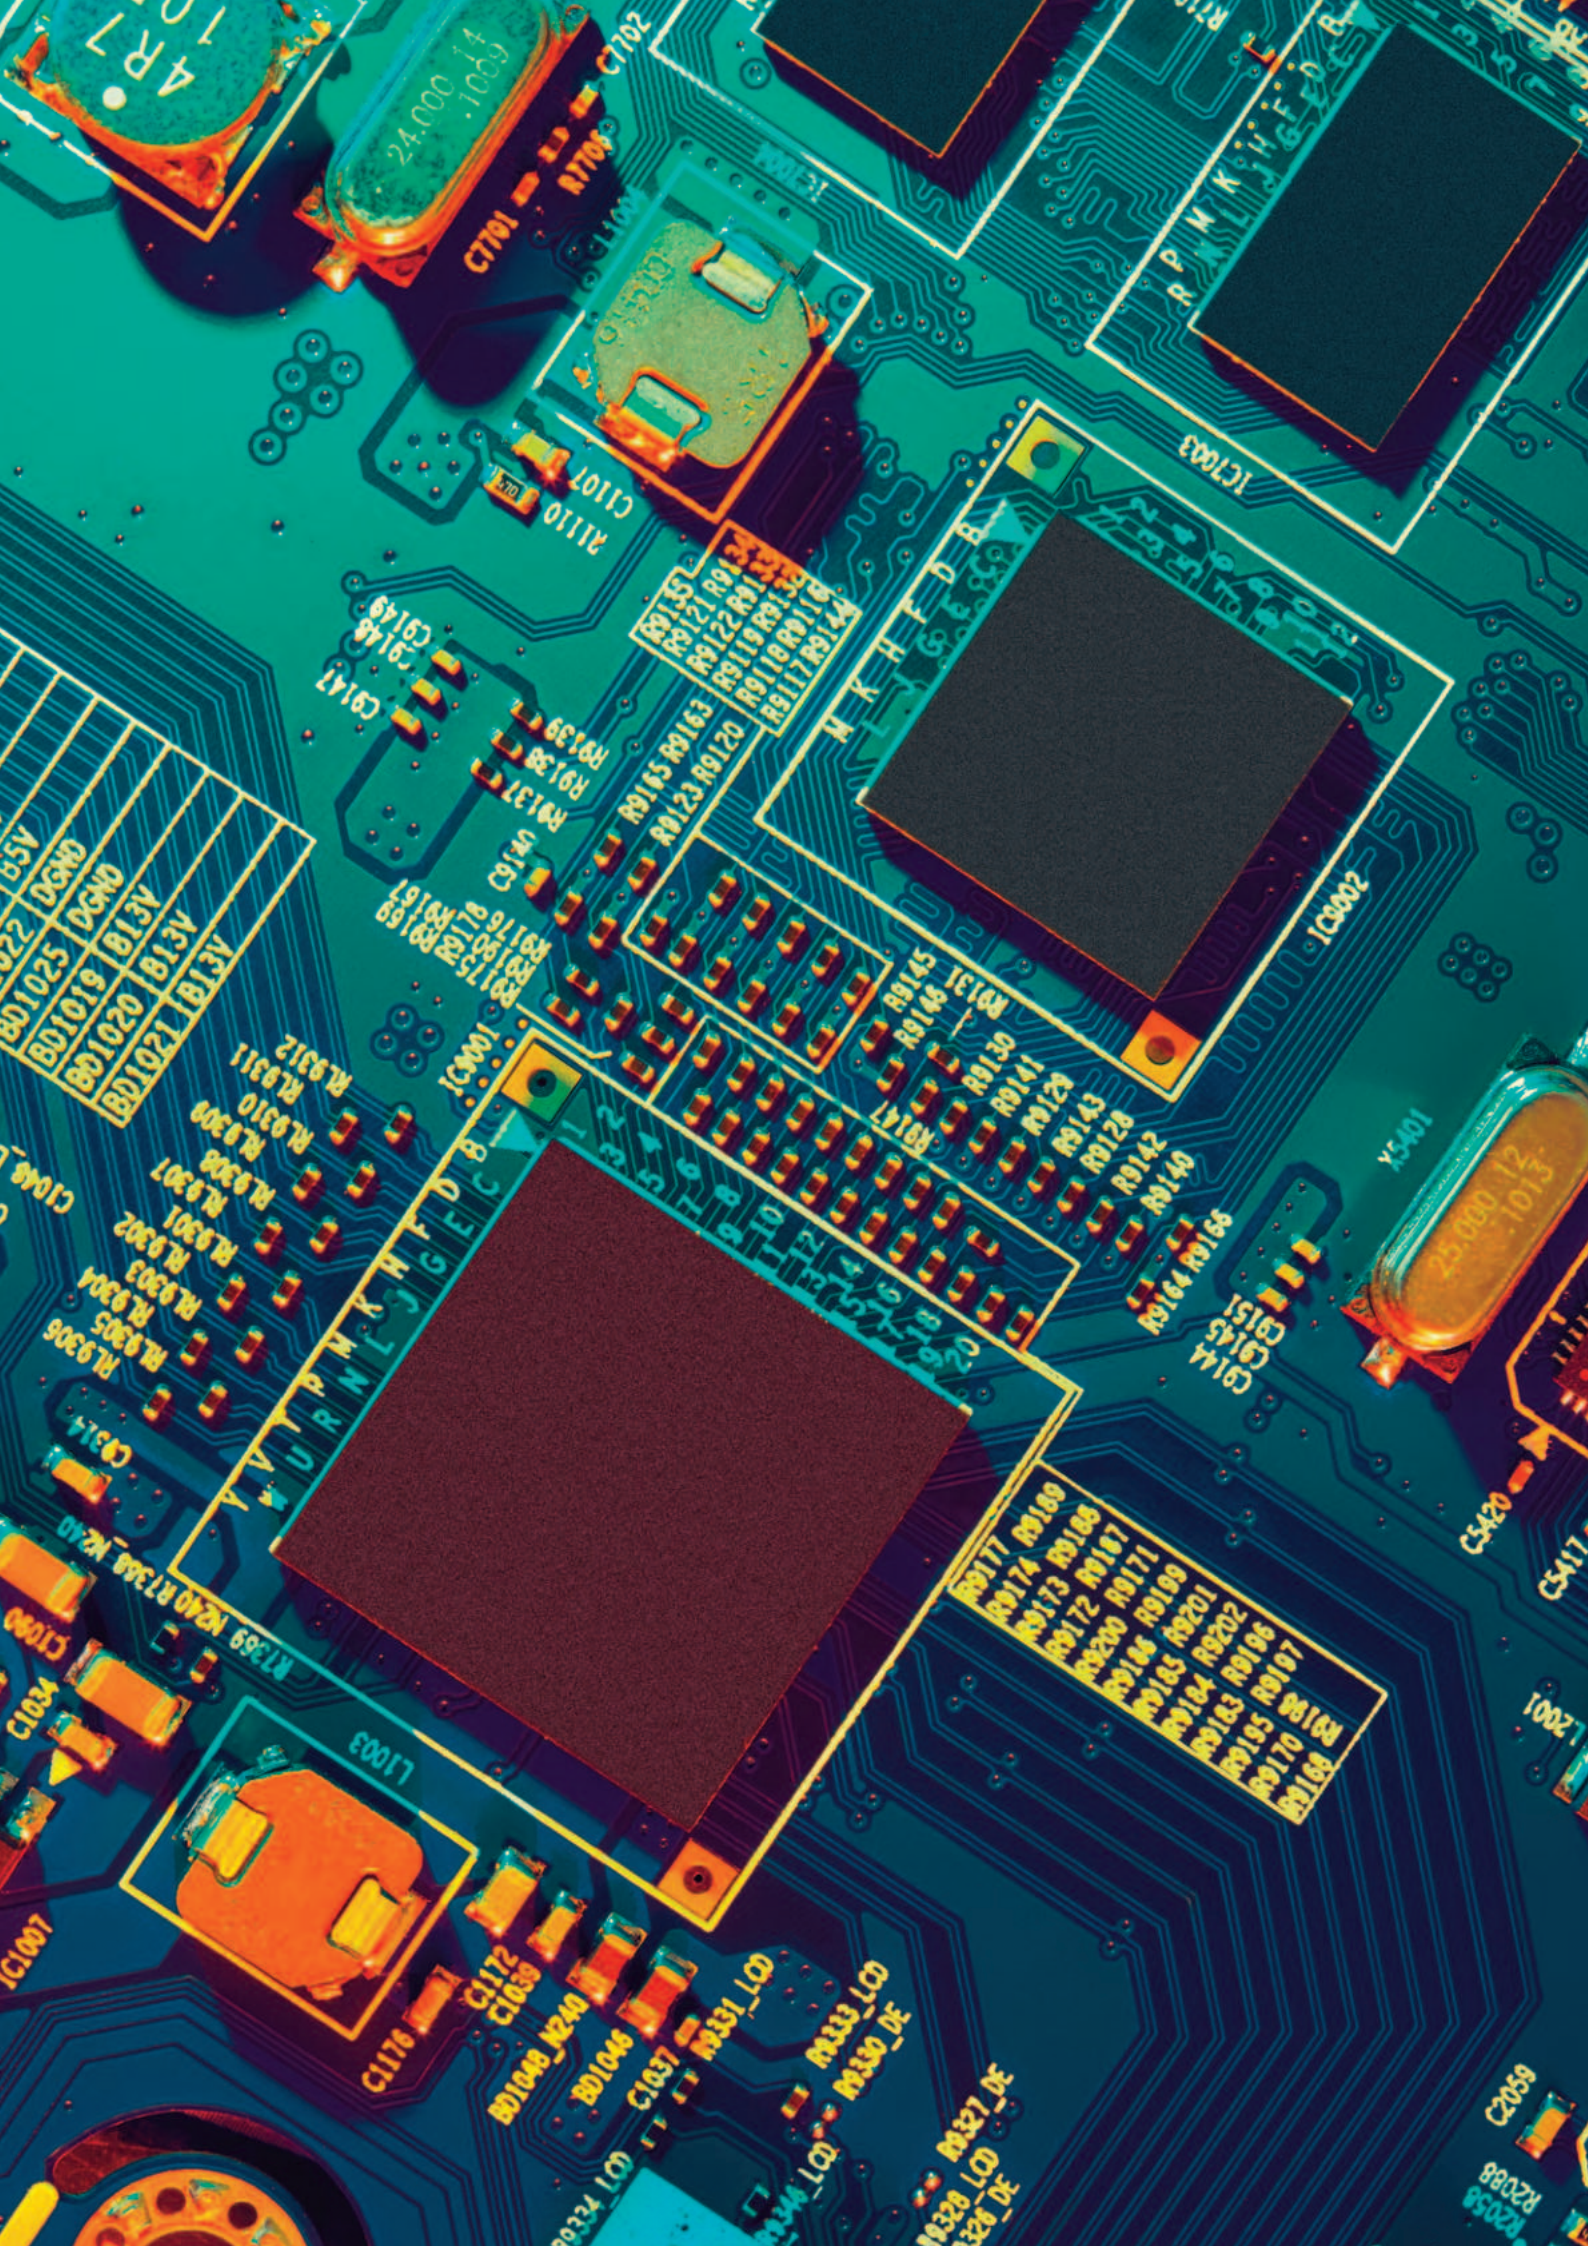

Alfaraee S.r.l. with particular attention to the rules governing the destruction of sensitive data, it undertakes to perfectly carry out this operation by releasing the necessary documentation with legal validity.

## Authorization

- Storage
- Waste Brokerage (CATEGORY 8)
- Transport authorization
- Non-hazardous waste (CATEGORY F)
